DETAILED ACTION

Election/Restrictions

Claims 37,38 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species , there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on paper # 6.

The 2nd # rejection is withdrawn.

Claims 25-27,31,32,35,50-55 stand rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Eastwood-WO 92/01380.

Applicant's arguments filed 8/26/05 have been fully considered but they are not persuasive. Applicant argues the instant article as claimed is not @ Eastwood, because Eastwood uses non-porous substrates; & Eastwood elutes , as indicated by the "wet State" preservation. However, Eastwood applies the same materials as the instant invention, & thus would have the same functions & effects. Elution in wet state does not require elution when dry. Further , applicant's substrates, or articles , are also porous. Finally, if there are any differences in applicant's & Eastwoods aarticles, applicant doesn't claim those components.

Applicant's arguments, where persuasive, have resulted in withdrawl of rejections.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
